

100ft 12/3 STW LED Light Strings (600V)

Designed for use on jobsites where temporary lighting is needed for illumination. These 12/3 Light Strings are heavy duty, making them ideal for construction and jobsites, fairs, and other special events. The 600V extra hard service jacket offers more abrasion resistance over standard 300V jackets. Suitable for use with A19 LED, CFL, or incandescent (150W max) light bulbs.

FEATURES

- The 12/3 STW 600V Power Cord is built with conductors containing 65 strands of 30 gauge, 100% soft drawn, bunch stranded, annealed copper wire.
- Each String Light comes with insulated and grounded metal cages.
- Molded-on, weatherproof lamp holders with heavy duty insulated and grounded metal lamp guards which are spaced in 10 ft. intervals for even distribution of light.
- Our Light Strings have built in hanger holes so they can be suspended by messenger wire or hung from nails or fasteners.
- Meets OSHA specifications for 3 conductor grounded cords.
- Jacket Color: Yellow
- Light Strings are UL listed and cUL approved for Canada.

WARNING: ⚠️ This product can expose you to chemicals including lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.
