

# 100ft 12/3 STW -40°F Twistlock Extension Cords

Century Twistlock Extension cords feature a special blade design that allows the cords to lock into receptacles or outlets with a simple twist motion making it impossible to accidentally pull out the plug from the outlet or receptacle. In addition, this cord features the thicker, 600V extra heavy duty jacket that is resistant to cuts and abrasion.

## FEATURES

- Manufactured to 12/3 AWG (American Wire Gauge) specifications
- Each of the three conductors contain 65 strands of 30 AWG 100% copper wire
- All copper is soft drawn & annealed for maximum flexibility under full load
- Our Century® coldweather PVC insulation and jacket guarantees working flexibility in temperatures down to -40°F
- STW extra heavy duty outside jacket is rated at 600 volts
- We use heavy duty molded on 20A-125V NEMA L5-20 plugs & connectors that will not to pull away from the cord body
- Jacket color: Yellow
- Lengths: 50ft & 100ft
- UL Listed and cUL Approved for Canada
