Predator 2 Goggles Series Specification Sheet

PRODUCT DESCRIPTION:

U.S. Safety glasses are designed to provide solution-based eyewear protection. This brand is distinguished with application based, stylish design elements and superior coatings for work and play. The Predator® 2 goggle meets the ANSI/ISEA Z87.1 D4 designation for dust protection. The full foam venting helps to reduce heat build up and assists in minimizing fogging. This goggle is available in standard anti-fog or MAX6™ superior anti-fog. The wide profile lens provides excellent peripheral vision. The elastic strap with hook and loop, and 5-point ratchet provide complete adjustability. The Predator® 2 goggle is a favorite for the mining industry and any industry needing dust, impact and anti-fog protection. This product meets the ANSI Z87+ and CSA Z94.3 eyewear standards.

FEATURES:

- ANSI/ISEA Z87.1 D4 designation for dust
- Full foam venting reduces heat build up and assists in minimizing fogging
- Available with MAX6™ or standard anti-fog coatings
- Excellent peripheral vision
- Elastic strap with hook and loop and 5 point ratchet for complete adjustability
- Dielectric

TECHNICAL DATA FOR: PD1210PF
